THE SCROLL

Memory is when you look back
and the answers float in
to who? what? when? where?

The members who were there then
are repeated on a screen
are recalled on a scroll
are moved in a miniature drama.
are collected and recollected
for actions, speeches, silences,
set forth by images of the mind
and made in a mingling mist
to do again and to do over
precisely what they did do once
this is memory—
sometimes slurred and blurred—
this is remembering
sometimes wrecking the images
and proceeding again to reconstruct
what happened and how.
the many little involved answers
to who? what? when? where?
and more involved than any
how? How?

—Carl Sandburg

By our name, **Accolade**, we are pledged to give praise and honor. We have tried to fulfill this purpose by recording accomplishments both great and small. To those faculty members and students who were not given due recognition and may have deserved our praise, we pay tribute here. To completely capture the accomplishments and happenings of one year is an impossibility.

In the following pages we have attempted to preserve something of our year at Bishop Guilfoyle High School. Each page was added as pages in a scrapbook that we might isolate each moment from all others to hold it in our hands a little longer. Thus, the 1966-67 **Accolade** has emerged as a scrapbook of remembrance of our life at Bishop Guilfoyle.

Architects of Peace and Progress

Pope Paul VI

Despite his relatively brief reign as head of the Catholic Church, Pope Paul VI commands a dynamic role in world affairs. Almost from the start he has focused his energies on the major problem of our times—the search for peace. The same spirit that prompted his historic trip to the United Nations and his many interventions in conflicts around the world, such as the crisis in the Dominican Republic and the India-Pakistan conflict, urges him to continue his mission in the Viet Nam War.

In striving for peace through understanding, he has been called the Pope of Avvicinamento, "neighborliness" with other creeds and faiths. He quoted from pre-Christian Indian sacred writing in Bombay and in New York he praised "America's spiritual values." He has begun a dialogue with Communist leaders, and, for the first time since 1952, formal communications between the Vatican and a communist government were resumed when diplomatic corps were exchanged with Yugoslavia.

Pope Paul VI has left no indecisive path for us to follow: Expand Christendom and link it with all mankind.

His Excellency, The Most Reverend James J. Hogan
Ordinary of the Diocese of Altoona-Johnstown.

The Most Reverend James J. Hogan was appointed Bishop of the Altoona-Johnstown Diocese on June 1, 1966. Born in Philadelphia, he attended St. Charles College and St. Mary's Seminary in Baltimore. He continued his studies at the North American College in Rome and was ordained there in 1937. Bishop Hogan comes to our diocese from Trenton, New Jersey where he served as the first auxiliary bishop in the history of the Trenton Diocese.

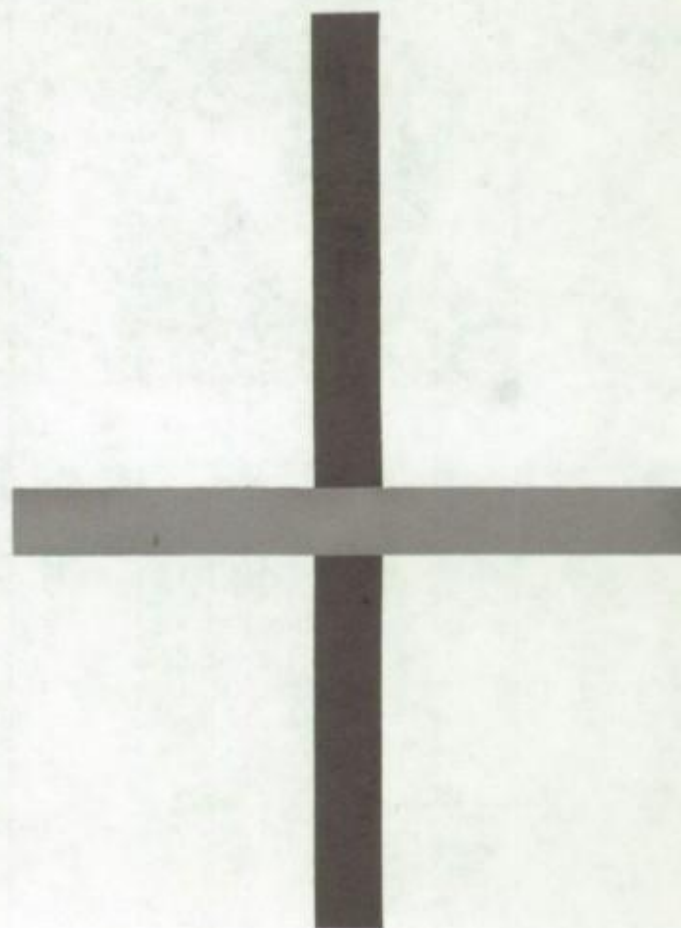

Bishop Hogan is already widely known as a friendly and energetic spiritual leader, frequently taking part in inter-faith programs in our area. During the Church Unity octave this year, he was guest speaker in the First Lutheran Church in Altoona and later was host to all faiths in the Cathedral.

A former high school teacher himself, he has attended many of our programs at Bishop Guilfoyle High School. He is now working on a plan to improve financial support for our diocesan high schools.

We welcome Bishop Hogan to our diocese, and appreciating the special interest he has already shown in our school, pledge him our support.

A Tribute

A scholar and a brilliant man, a humble and a gracious priest. With these words Monsignor Francis A. McNelis can most simply be eulogized. His death on November 25, 1966 brought sadness to the Diocese of Altoona-Johnstown.

A native of Altoona, Monsignor McNelis attended Cathedral School and St. Francis College in Loretto. In 1921 he went to the North American College in Rome to continue his preparation for the priesthood. He was ordained in Rome in 1926.

In 1928 he returned to his native diocese, to serve first as chaplain at Johnstown Mercy Hospital and as a religion teacher at Johnstown Catholic High School, and later as chaplain at the Rockview Prison in Bellefonte.

In 1929 Father McNelis was appointed to the position he would hold until his death, Superintendent of Schools for the Altoona-Johnstown Diocese. In 1931 he took up his residency at Sacred Heart Church in Altoona until 1943, when he was appointed pastor of Holy Rosary Church in Juniata.

Father McNelis received special recognition in 1958 when Pope Pius XII bestowed on him the distinction of domestic prelate with the title of monsignor.

His job as superintendent of schools was the closest to Monsignor McNelis's heart over the past thirty-seven years. During his term of office, the longest in the history of the diocese, he served under Bishops McCort, Guilfoyle, Carroll, McCormick, and most recently Bishop Hogan. Many progressive programs in education which are only now being accepted in the diocesan school system, such as the non-graded school, were outlined by Monsignor McNelis early in his career. Students at Bishop Guilfoyle High School will remember participating in the T.V. classroom presentations which he sponsored during their grade school years. Some students attended grade schools which served as pilot schools for studies he had inaugurated. One of the most important projects was the building program for the diocesan high schools involving three schools including our own Pleasant Valley Building.

Monsignor McNelis left a special spiritual legacy to the people of the Altoona-Johnstown area. Many young priests have seen in his life a model for their own. Always a simple man, he was an instrument of God's peace, working continuously for the improvement of all men, and realizing that to improve another one must first improve himself.

The student body of Bishop Guilfoyle High School wishes to acknowledge their debt of gratitude to a dedicated educator and to pay tribute to a holy man of God.

FATHER FRANCIS E. PLUMMER

Father Francis E. Plummer is the third principal in the history of Altoona's only Catholic high school. Father came to Bishop Guilfoyle in 1956 as a full time instructor with classes in religion, history and English, and in 1963 received his appointment as principal.

Father Plummer entered the educational field with a background both varied and rich. Upon graduating from St. Francis College in 1950, where he finished **magna cum laude**, he began to study for the priesthood at Our Lady of Loretto Seminary. He had interrupted his college career to enlist in the United States Army during World War II, knew active duty in Italy, and came home after the war to work in the U.S. Post Office for two years before returning to St. Francis to continue his formal education. Upon his ordination in 1954, he was appointed assistant pastor of St. Patrick Church in Spangler where he served until his appointment to Bishop Guilfoyle High School two years later.

Many changes have occurred during his principalship: ten additional school organizations were formed; publication of the Student Handbook was begun; students have been given free-

dom of choice in attending the weekly Mass at school and now follow a revised retreat program; seven new courses have been offered as electives to juniors and seniors; new programs were adopted by the Science and Mathematics Departments while other departments have been revamped or expanded; Forensic Parents was organized. Important to the Athletic Department was the hiring of two teachers as football and basketball coaches where one had previously carried both jobs. Father Plummer himself designed a new class ring, and through his efforts last year the school benefited from the E.S.E.A. program.

The fact that he has "helped high school students solve some of their problems as they are searching for maturity and responsibilities" has given Father Plummer his greatest satisfaction. As a high school student himself Father had once contemplated what he would do with his life—and won a four year scholarship by the writing of it. The students of Bishop Guilfoyle High School acknowledge that Father Plummer's venture was a worthy one.

Wisdom of Experience

Readiness to Assist

Monsignor Roy F. Kline has been assistant principal at Bishop Guilfoyle High School since 1956. His first assignment was as assistant to the late Father Vincent Luther, former principal, and then as assistant to Father Plummer and in charge of the Sixth Avenue building.

Monsignor Kline has also been Episcopal Master of Ceremonies for the Altoona-Johnstown Diocese for the past eleven years. He is a member of the Diocesan Commission for Church Music and also serves on the Liturgical Commission. A graduate of Pontifical College Josephinum, Monsignor

furthered his musical training at Pius X School of Liturgical Music.

The students of Bishop Guilfoyle spend their first two years in the Sixth Avenue building where Monsignor Kline tries to provide each one with a satisfactory academic background coupled with an adequate knowledge of Christian principles. His greatest reward is seeing the success with which his students meet their future. We extend our sincere gratitude to Monsignor Kline for his untiring efforts in giving us a good start in the Sixth Avenue school.

Religion

One of the most important ideas of renewal in the Church is that all men are to give witness to the teachings of Christ. In accordance with this new expression of religion and the teaching of it, Father Regis Myers became part of a team who instruct adults in the Confraternity of Christian Doctrine classes in the Altoona area. Father Myers, on the religion staff since 1955, makes every attempt to instill in his students at B.G.H.S. the spirit of renewal.

A member of the priest faculty has received special distinction this year. In January Father Richard Hovanec was named principal of Bishop McCort High School. Father came to

Bishop Guilfoyle six years ago as a German teacher, later teaching religion and becoming chairman of the religion department. The students of Bishop Guilfoyle High School wish God's blessings on Father Hovanec in his new post.

Three other members of the priest faculty have a very special feeling of pride for B.G.H.S. Having graduated from Altoona Catholic High School, Father Paul Robine, Father Daniel O'Friel, and Father James Bunn have returned as teachers to their alma mater, now Bishop Guilfoyle High.

English

The English Department at Bishop Guilfoyle is under the direction of Sister Mary Ann Therese. Sister taught many of the present seniors in their freshman year following them through all four years of their English courses.

Versatility marks two other members of the English Department. Sister William Marie,

in addition to being an English teacher, holds a Masters Degree in Social Studies which she has taught in high schools in the Scranton diocese. Sister Caritas, responsible for the initiation of the Confraternity of Christian Doctrine classes in Altoona, teaches adult classes in two parishes in the diocese.

Foreign Languages

Two members of the Language Department have brought a European touch to their classes. Mrs. Winona d'Ancona, a native of Holland, joined the Language Department last year. A teacher for some twenty years, she had taught Chinese, European Dutch, and English. Mrs. d'Ancona came to the United States in 1962 to secure a better future for her children. She is happy with life in this country and likes teaching at Bishop Guilfoyle.

Mr. John Myers also brings a European flavor to his classes now, due to his studies in Germany the last two summers. Mr. Myers was one of twenty recipients in the United States of the Fulbright Scholarships last summer. Upon arrival in Munich, he began an eight-week course that took him to four cities in Germany where he studied German culture, speech, literature, and new teaching methods.

The Business Department is headed by three very familiar people to Bishop Guilfoyle students: Sister Mary Edmund, Sister Mary Vianney and Mr. John Lambour.

Through her efforts in the past four years at Bishop Guilfoyle, Sister Mary Edmund has made the Secretarial Department one of the most successful and efficient departments in the school.

Sister Vianney has taught at Bishop Guilfoyle for three years. An alumna of Altoona Catholic High School, Sister had this to say

about the school, "The physical atmosphere in the Pleasant Valley Building is quite different from what it was when I attended A.C.H.S. The spirit among the students, however, is just as good as it always was."

In his three years at Bishop Guilfoyle, Mr. Lambour has become a well known and respected figure. Mr. Lambour started the Ushers Club and was very influential in the establishment of the baseball team at Bishop Guilfoyle.

Dual firsts were initiated by two members of the present faculty. In 1960, Sister Francis Jean, in co-operation with the late Father Luther, former principal of Bishop Guilfoyle, established the present Art Department. In 1960, B.G. had no

facilities or instructors for students in art.

Sister Roseann, in 1965, introduced the Christian Family Living class, a course offered in the Homemaking Department as a preparation for marriage.

Sciences

Another first attained by a member of the faculty took place in Tuskegee, Alabama. During the summers of 1965 and 1966, Sister Mary Sharon studied chemistry at Tuskegee Institute in Alabama. Sister Sharon was the first Catholic Sister to register at Tuskegee. Attending the University provided Sister with an excellent opportunity to learn about the conditions of schools in the South, especially in Negro areas. Sister says of her sum-

mers, "I believe experiences like this not only increase knowledge but help to deepen our understanding of others."

Sister Felicita, also a member of the Sisters of Charity and head of the math department, is responsible for the new computer course, known formally as Fortran II, at Bishop Guilfoyle. Sister Felicita's experiences in the field of mathematics also include work on evaluating the UICSM mathematics program.

Sister Sharon strives for further knowledge so that she may aid her students more fully.

Sister David shares her knowledge with some interested students.

Mr. Gaffey, Sister Dorothea inaugurated the civil defense program at Bishop Guilfoyle. Sister's tireless efforts as class moderator promote unity and co-operation among the members of the senior class and help to make each year's class the best senior class that Bishop Guilfoyle has ever had.

Behind the Scenes

To Mrs. Cecilia Losardo and Mrs. Ruth Truitt, half of the job is being able to smile.

"Hm...m...m...not bad!" observes Mrs. Kathryn Stere, the teachers' aide.

Mrs. Alberta Weaver and Mrs. Louise Ford, the two women responsible for the spotless facilities at B.G., take time out for our photographer.

Mrs. Grace Fedeli and Miss Mary Gutwald add a touch of home to B.G.H.S.

Pleasant Valley

Among the most important elements of a good school are that it be clean and that it function efficiently. The Pleasant Valley Building meets these standards through the efforts of a skillful and cheerful crew of secretaries and maintenance workers.

Mr. Vincent Langguth and Cyril Moyer check some plans in the maintenance office.

Sixth Avenue

The Sixth Avenue building is the enthusiastic center for the sophomores and freshmen of Bishop Guilfoyle. The backbone of order at this building is supported by the secretarial and maintenance staffs, and, last but not least, the cooks.

Time flies quickly for the busy teacher aides, Mrs. Sutlage and Mrs. Rhoads.

Mary Ryan and Carrie Frederick have found out that the real way to a student's mind is through his stomach.

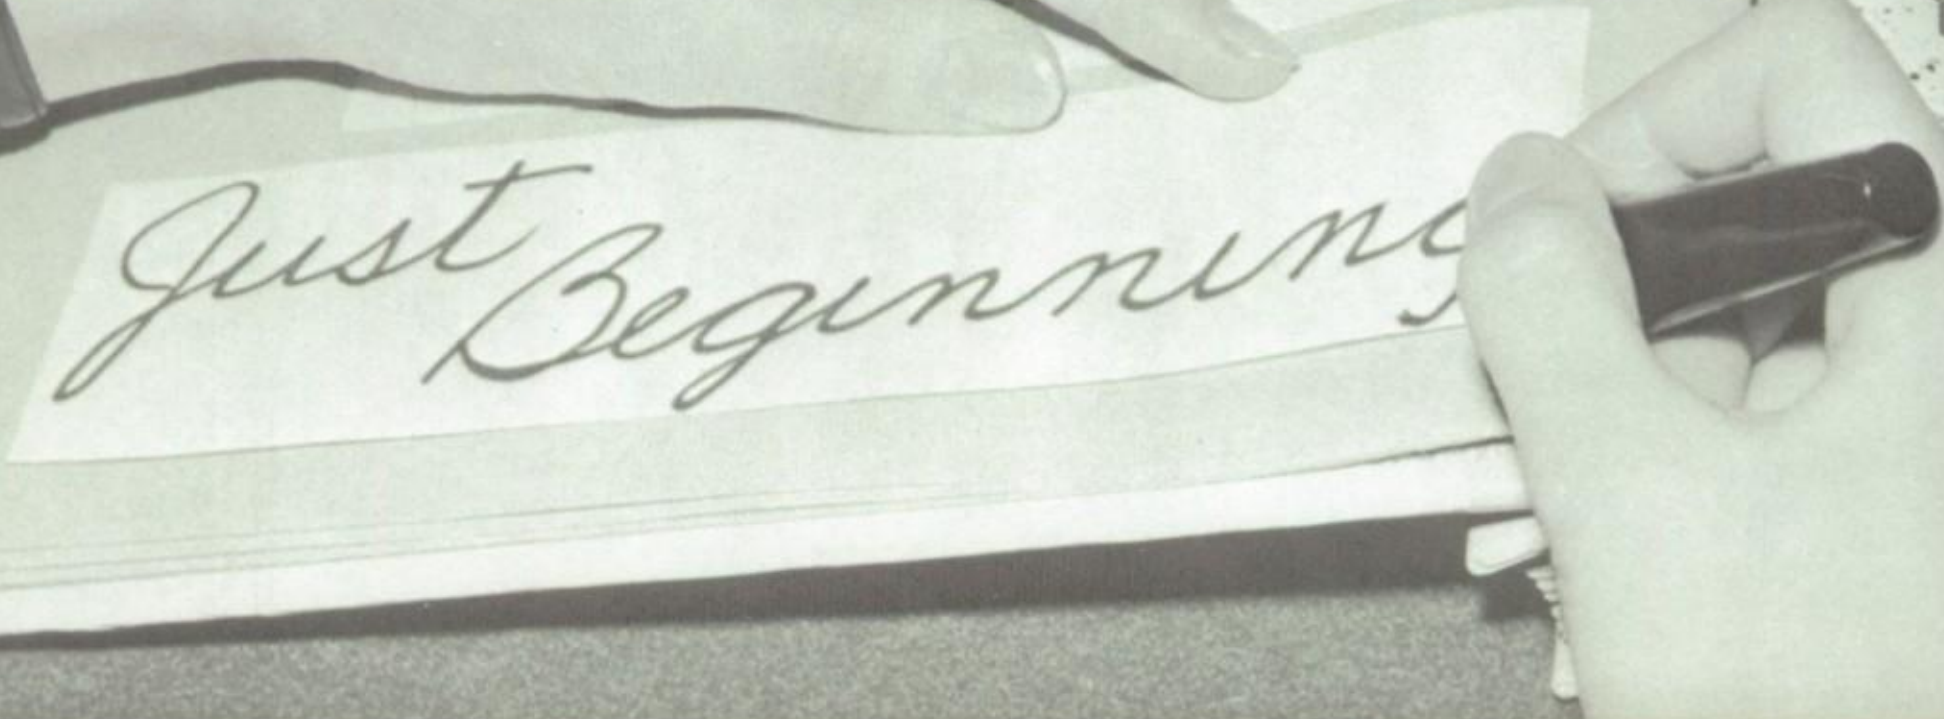

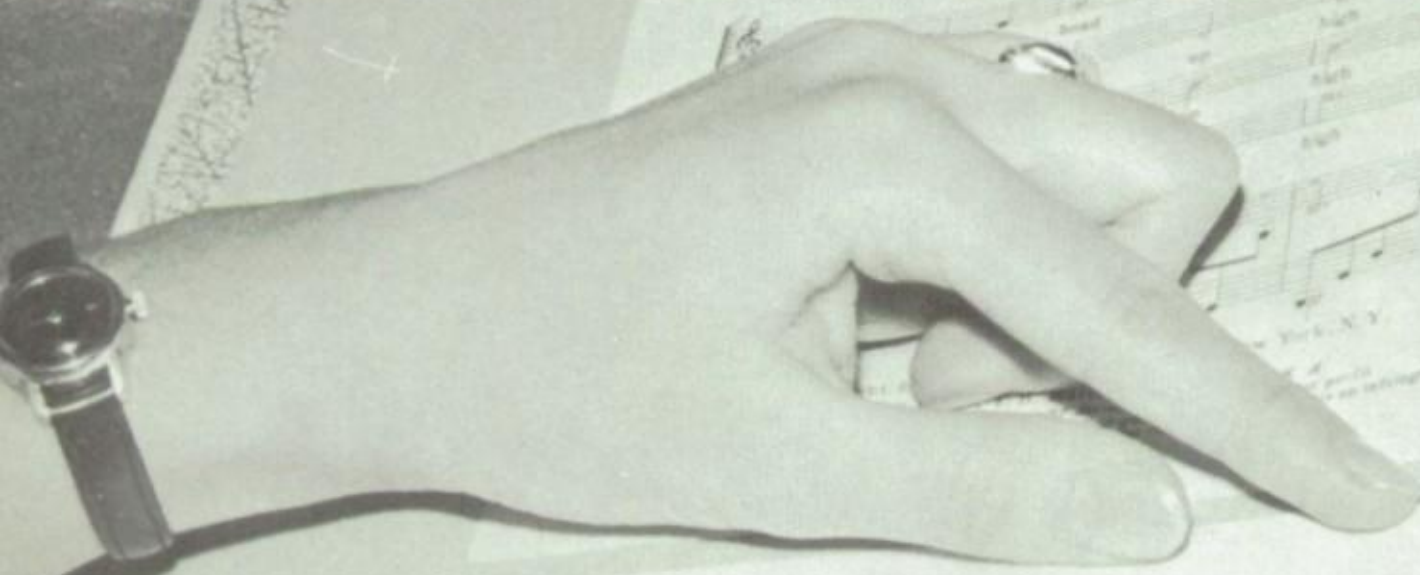

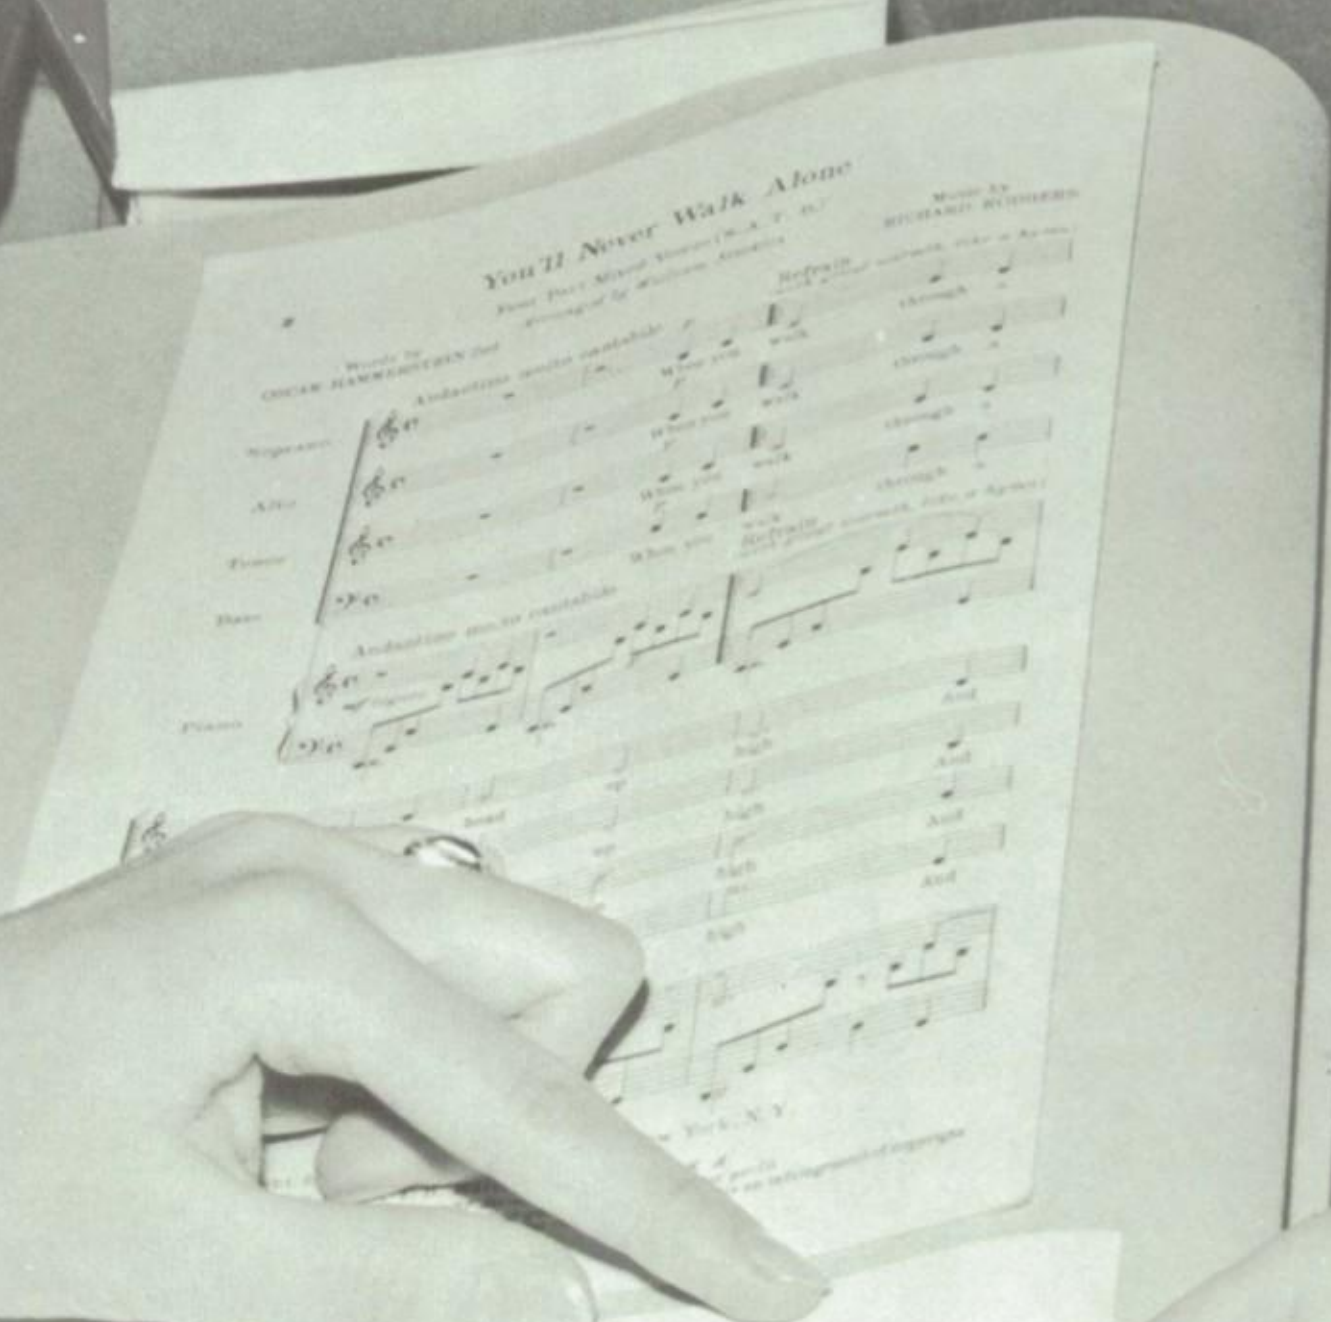

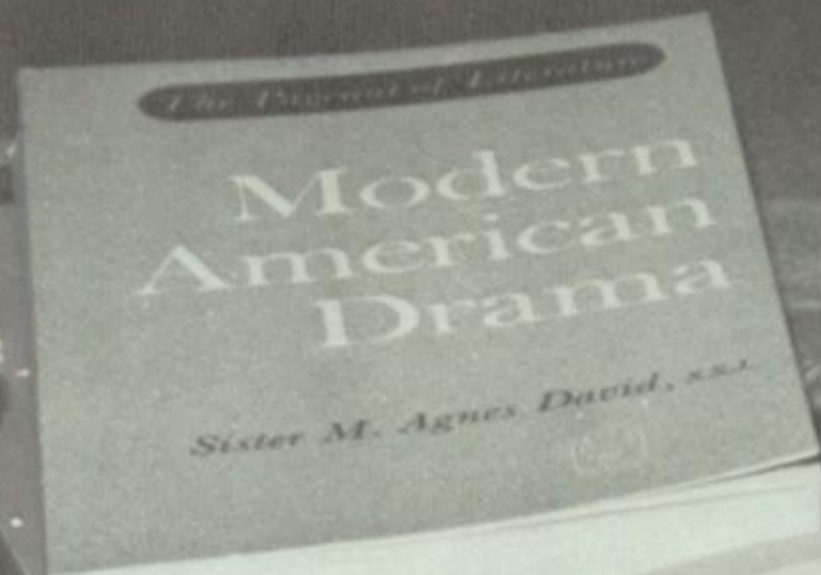

Mrs. Himes is one of the main reasons why Sixth Avenue students can start school each morning in a clean building.

Barbara Mollica, secretary, is happy to have another hectic day end.

The second phase of your education is initiated by the two years at the Sixth Avenue Building. As you enter the freshman year you find the emphasis is on maturity. The freshman meets new tasks and greater responsibilities. It is time for you to put aside the child's toys and to receive the tools for production. If you are to contribute to the salvation of mankind, you must learn. "The torch has been passed to a new generation of Americans." You, that new generation must be prepared to accept this torch. You now begin this new quest for knowledge and maturity.

Junior year is the beginning of a new course. On the brink of adulthood, yet not quite mature, you enter a confusing world. You must now make decisions concerning your future, so close yet seemingly so far away. You are filled with hopes and dreams. Hope which will become reality, dreams which are just a passing fancy. Yet as you complete this difficult process of growing up, you become better prepared to face the future with all its demands and decisions. You will have grown and matured into the leaders of tomorrow.

Learning

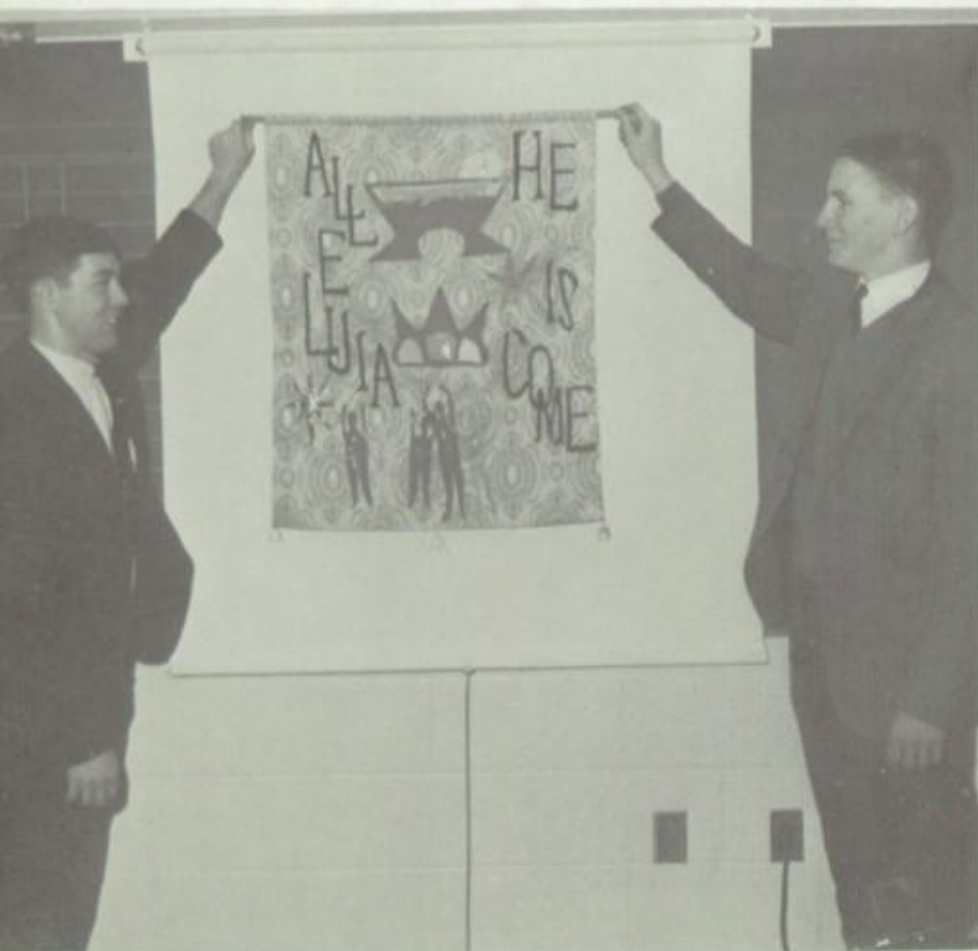

Is Many Things

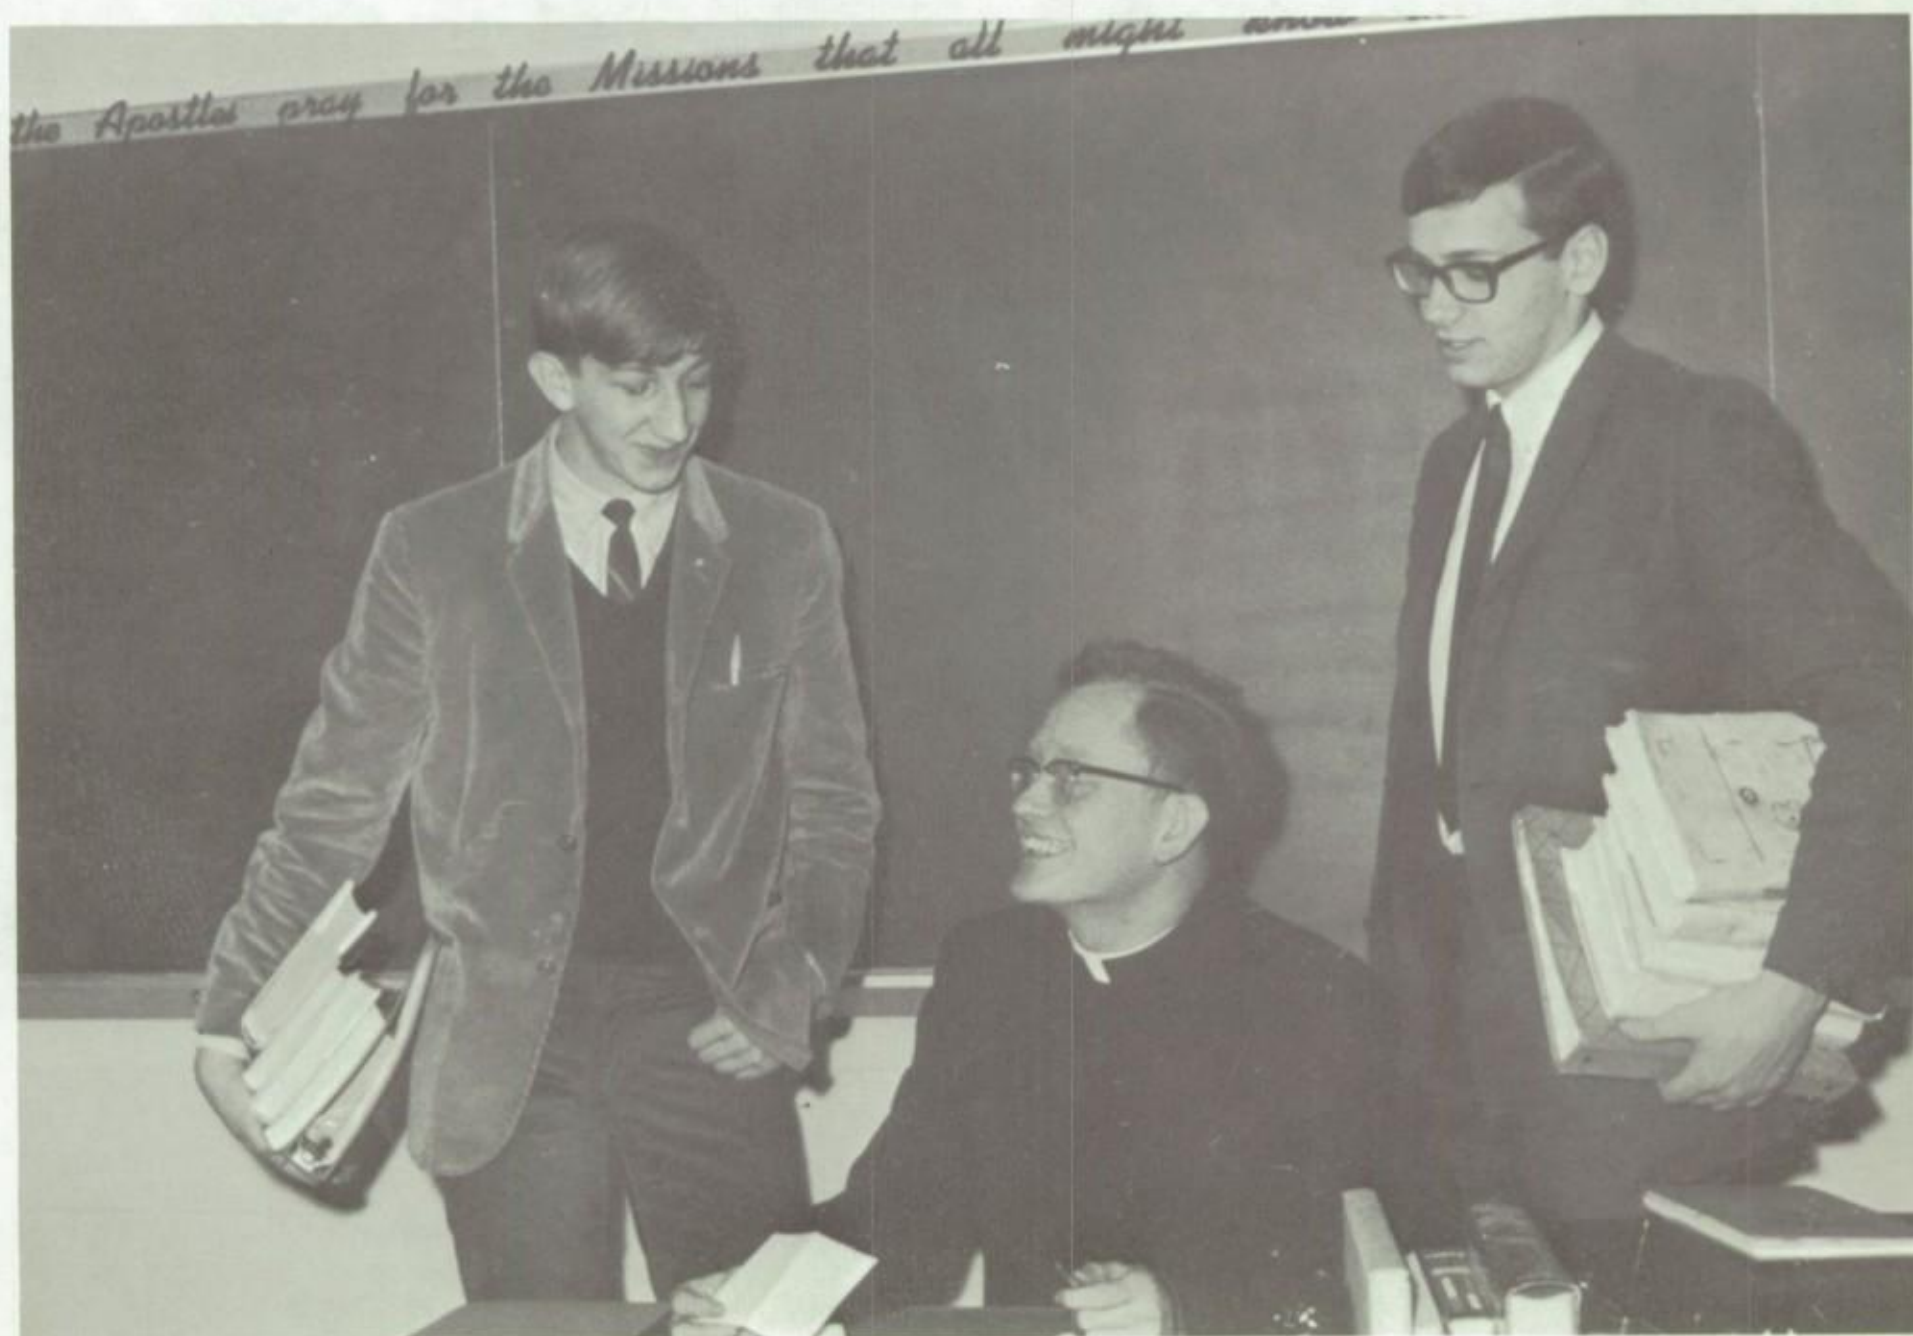

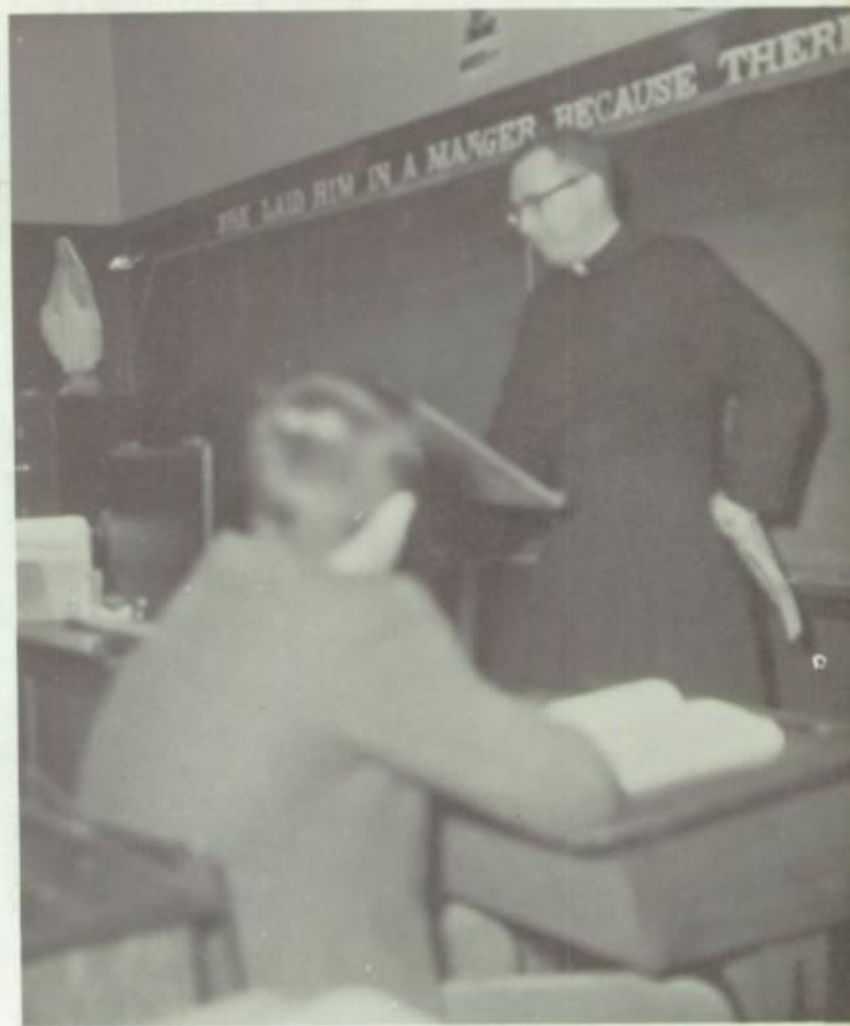

A Spirit of Renewal Sets the Pace in Religion

Religion courses aim to bring the purposes of religion into line with Vatican Council II. The new texts emphasize the Scripture in relation to modern day life. Supplementing the texts are movies produced by the Paulist Fathers, film strips dealing with Salvation History, and student made banners highlighting the liturgical seasons. The courses allot time for and research reports for a more dynamic and living religion in a changing world. As one student summed it up, "We're learning to be modern day Catholics and not just Sunday ones."

Selectivity Is Emphasized in English Courses

A major goal of the English courses is that students learn to discriminate—to develop sound principles of criticism, to recognize the good work of art from the mediocre whether in writing or on the screen. Seniors did a special unit on the evaluation of movies and television presentations as well as a critical survey of magazines with this end in view. Practice in the technics of the research paper continued to be part of their program, but an added elective for juniors and seniors this year was a course in creative writing and advanced reading.

A paperback series in literature, now in its second year at Bishop Guilfoyle provides for the first time a survey in world literature for seniors. The full program will be in effect in all classes by 1968.

The American Christian Is Involved with the Entire World

The long range goal of the Social Studies Department is that its students become intelligent voters, active citizens, and generous, understanding Christian members of the human race. Students are learning to recognize their own heritage and to be appreciative of the ways of other cultures not only through basic texts but through the use of current periodicals and filmstrips. **Newsweek** and **Senior Scholastic** are weekly fare, and with filmstrips such as "Why Viet Nam?" provide the background for panel discussions held throughout the year. The entire student body took part in programs highlighting our American heritage commemorating American History Month. A two month course in civil defense, a must for all seniors, provides them with the know-how of personal survival in the event of a nuclear explosion.

Tongues Are Taught With Records and Songs.

"Speak with the tongues of men . . ." The audio-lingual method creates excitement in the modern language classes, using tapes and records to spark conversation. A personal set of records brings the classroom home with the student. The

study of the culture of other peoples is not neglected, however. Mr. Myers teaches German culture with authentic folk songs and slides of his trips to Germany. As in past years, Latin students participated in a seminar at St. Vincent's College.

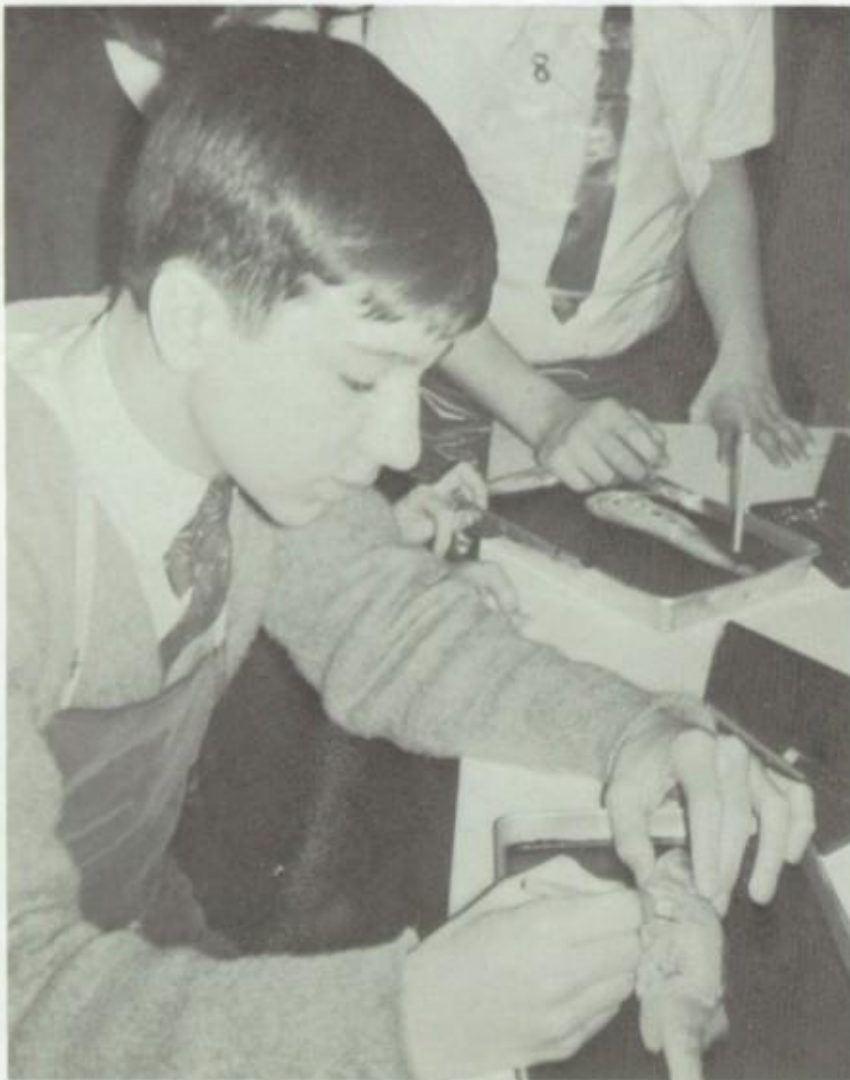

Observing and Experimenting Reveal the Significance of Things

For the second year juniors and seniors in math courses have access to a teletype machine by which they can send self-made programs through a computer. This teletype, one of sixteen in a several county area, connects to a General Electric computer at the Altoona Area High School.

A new physics text follows the self-discovery method of the recently established U.I.C. S.M. math courses. The chemistry and biology courses are now being taught with an emphasis on the significance of the scientific facts the student learns rather than on the mere memorization of them.

Future Secretaries Use the Tools of Their Trade

Weekly assignments for each senior include use of ditto machine, dictaphone, mimeograph, and adding machines for secretarial practice. Senior girls also have K.P. duty since cafeteria service is another responsibility.

Notehand, a new course, is now offered by the Business Department to academic students in addition to the already established personal typing course.

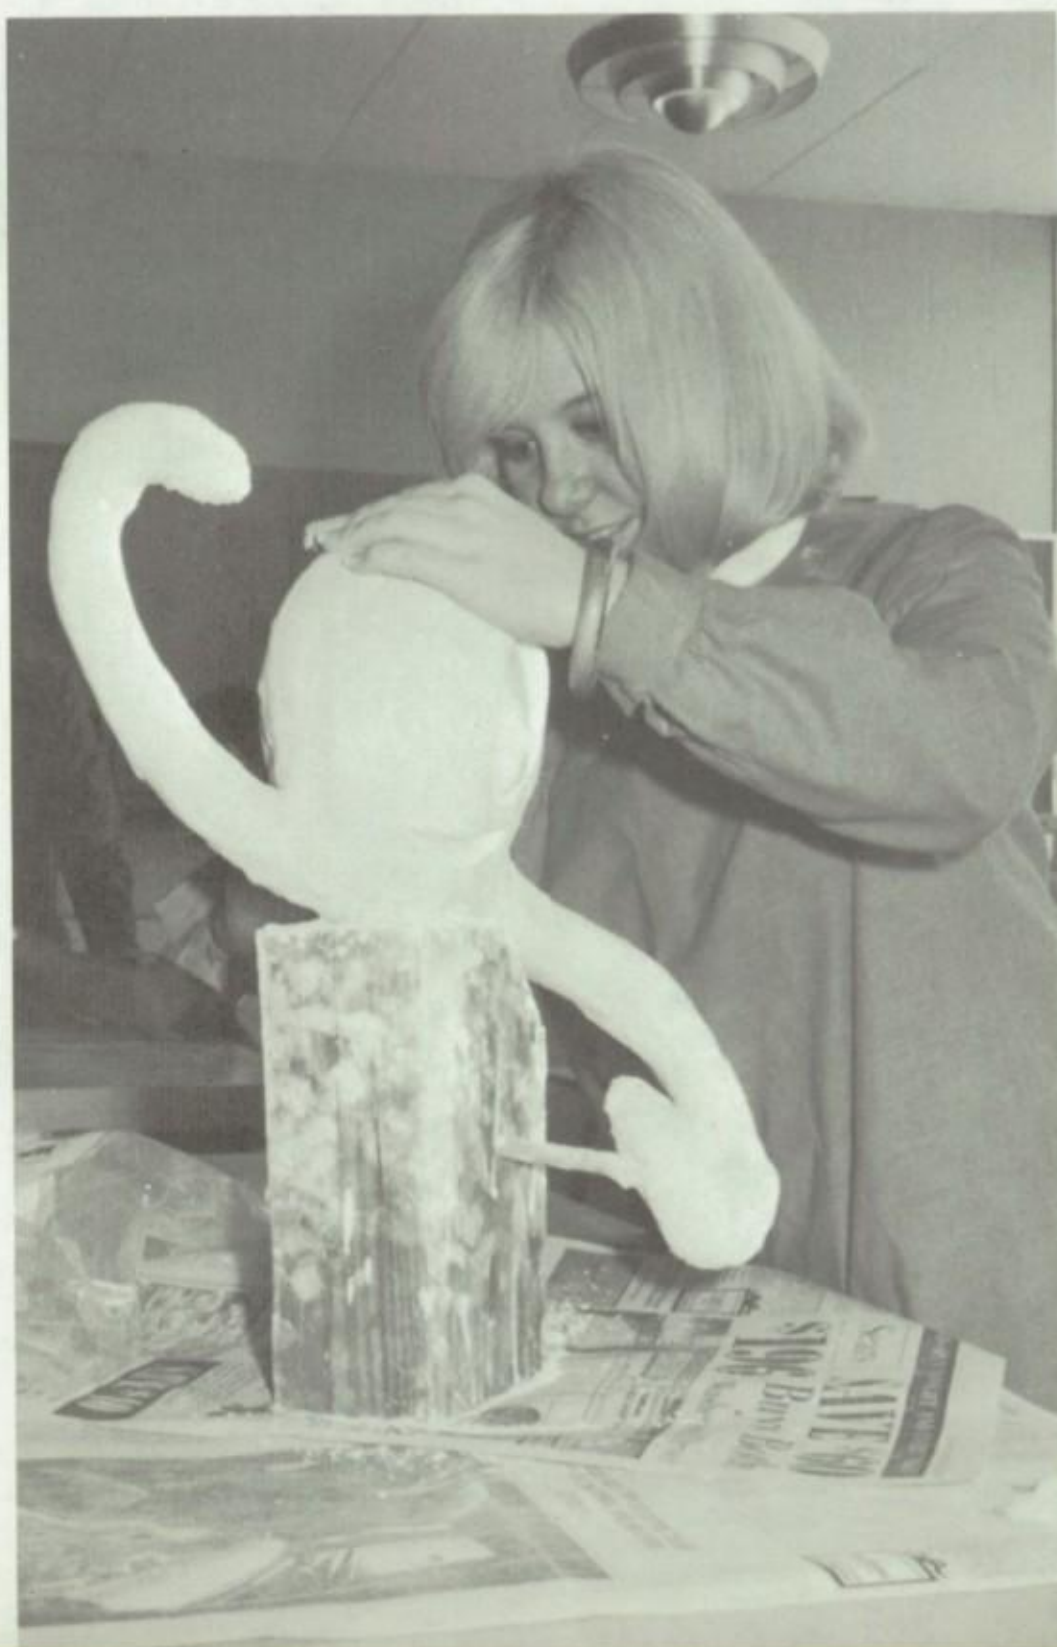

Junior business students learn the basic fundamentals in typing, bookkeeping, and shorthand.

Fine Arts Are Man's Inspiration

Water color, oil, charcoal, wood, wire, clay and glass are media through which the art lab students express their creativeness. The work of wire sculpting classes tended to intrigue students who crowded around the display case, used often by art students, to view the delicate wire figures. The field trip sponsored by the Art Department this year was to Corning Glassware, Corning, New York.

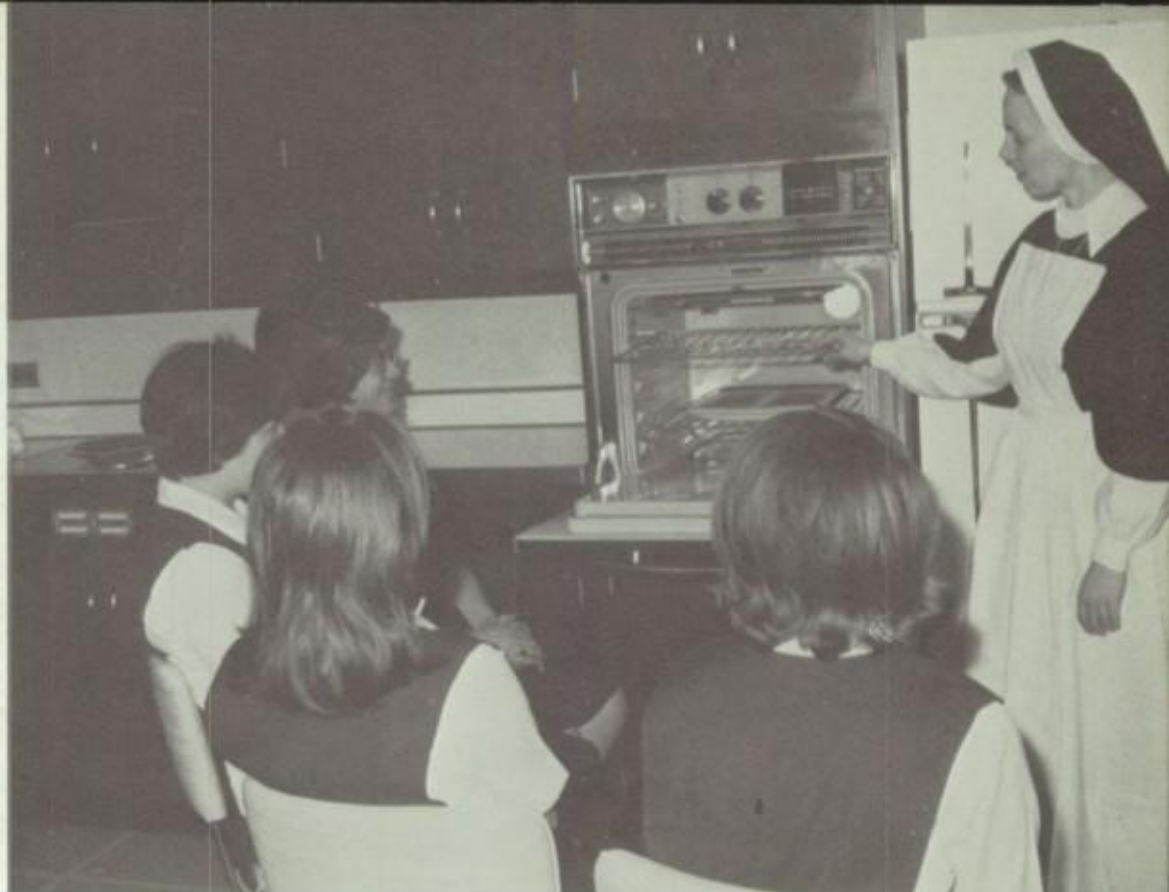

Music appreciation, an elective offered to students who have some musical background, develops the basic elements of music including ear training and elementary harmony together with the history of the different periods.

Homemaking Is the Art of Daily Living

The goal of daily living class is to equip girls with the attitudes, appreciations, and techniques which will aid them in helping to maintain a Christian home. The class creates an awareness of one's creative potentials. Through sewing and cooking classes the students learn that creativity requires patience, skill, and good taste, and develops their own femininity and personality.

A new piece of equipment in the Home Economics Department, a "self-cleaning" oven, has increased the efficiency of the department.

Student Council

The Student Council at Bishop Guilfoyle serves as a mediator between the students and the faculty. The use of a cumulative pass, which eliminates the use of the old wood passes, has been put into practice by the present Student Council. Buses to away games and dances for the juniors and seniors are also sponsored by this most active organization.

Accolade Inc.

The production of a yearbook which contains unity and transition is a task which only very patient and dedicated people should undertake. This hard working but not always so efficient staff found out that mistakes in their work were not all few and far between. Discouragement, however, did not find a berth in the hearts of the Accolade staff members and a yearbook worthy of the class finally materialized. This challenge to perfection in work was an opportunity which few students would want to pass up.

Any newspaper is based on factual and entertaining pieces of journalism. Forensics is one of the most beneficial organizations at Bishop Guilfoyle. The art of speaking is one which will assist a person throughout all his endeavors in life. With able direction, the student learns the fundamentals of public speaking. Whether it be debate or drama, the participant is learning to express himself in healthy competition.

The library is the scene of hurried preparation for extemp rounds for every forensics tournament.

The Language Clubs— Passports to the World

Diversity was a mark of the language clubs at Bishop Guilfoyle this year. The German Club sponsored a Christmas party at the Twelfth Ward Civic Center. A hike to Blue Knob and a visit to the language laboratories at Saint Francis College marked two other activities of the group. Members also attended a play at Penn State University entitled "The Beaver Coat." They were shown films on Germany, Switzerland and Hitler at some of the club meetings this year.

Another active organization of the school is the Spanish Club. They planned a program at the Hollidaysburg State Hospital on Valentine's Day and interested the entire school in the observance of a Spanish Day held at Bishop Guilfoyle.

A third language organization is the French Club. They have included among their many activities a visit to Garvey Manor to provide entertainment for the residents of the home.

"La rue de Victor Hugo is right this way," says Christopher Panagopolos to other French Club members. They are: Trudie Kane and Darlene DiBuono.

B.G. Harmony

These senior members of the Glee Club have dedicated long hours of study and practice in order to excel in their performances, which include the Spring Concert, Diocesan Music Festival, and the Christmas program.

Christmas always brings to mind the scene that took place hundreds of years ago. Bishop Guilfoyle's Christmas show remembers this scene in a medley of songs and dances.

Bishop Guilfoyle dancers perform in the Christmas show to the choreography of the Nutcracker Suite.

Mrs. Field instructs her prize sophomores in preparation for the Spring Concert. She seems to be telling them that practice makes perfect.

This Joan of Arc library is in the home of Bishop John Wright in the Diocese of Pittsburgh. A delegation of students took a trip to the Bishop's house to investigate his collection of literature and art work relative to their play, **The Lark**.

Sports

Gridiron Flashbacks!

Probably the most often heard statement at the end of any football season is, "Wait until next year." For the fighting Marauders of Bishop Guilfoyle High School, this was "next year." Coach Al Pacifico led his charges gallantly through thick and thin. The

season record of 6-4 is a most misleading mark. No team ever defeated the Marauders by more than eight points and all four losses could have been decided by one break. Our thanks and appreciation are extended to Coach Pacifico and his brilliant staff.

The intrepid quarterback of B.G.H.S., Tim Sigrist, has earned for himself a large place in the sports world. Tim's achievements this past year include a nomination to the Big 33 and a place as the first B.G.H.S. player to be chosen for the second team as all state quarterback. Tim also holds the distinction as the first athlete in Blair County to be awarded a four year scholarship to the University of Notre Dame.

His career totals: Total offense: 3,719 yds. Passing: 2,176 yds. (31 TD's). Rushing: 1,543 yds. (15 TD's) The best of luck in the future to a fabulous player, "Sam."

This year's football team was a winning one because it had an irreplaceable combination: the "fighting 11" and the coaching staff. These men-behind-the-scenes chart a course which is vital in the battle for a victory. The Marauder mentors were behind the team all the way, and the players can be grateful for the staff's carefully planned strategy which never failed them on their sometimes rocky road. The navigators of the team are responsible, then, for the inspired words found above the locker room entrance, "Through this door walks the most spirited team in the world!"

Hardwood Highlights

This year's edition of the Bishop Guilfoyle basketball team was the most exciting in many a season. Facing the roughest schedule ever compiled by the Athletic Association, the fighting Marauders presented top-rate basketball to their many fans. For the first time in its history, Bishop Guilfoyle competed in the Jaffa Shrine Holiday Tourna-

ment, one of the outstanding tournaments in the nation. The Marauders were the surprise team of the tourney and copped second-place honors by playing a fine brand of basketball. Hustle and desire were the keynotes to the Marauder team as they completed a most successful season on the hardwood.

A champion team gives its best all of the time and comes through with a victory game after game reflects not just the skill of the players but also the perseverance and training of the coaching staff. A perfect example of this is Coach Bill Gaffey's hardwood heroes. Using an adage fit for the occasion, "A basketball player is made not born," proves the argument that a terrific team is terrific because it has a fabulous crew at the helm. If a basketball team didn't receive constant advice and admonitions, coupled with morale boosters and occasional humiliations, the cause for a victory would remain tasteless. Because of the team and its coaches, the Fighting Marauders savored a tremendous victory when they defeated Bishop McCort twice to gain their first Diocesan Championship since 1962. Thanks to a terrific team and terrific coaches, B.G.H.S. can truly say "We're Number One!"

The fighting Marauders of Bishop Guilfoyle High School justified their fans' confidence in them and proved true contest mettle when they defeated St. John's in the Jaffa Holiday Tournament.

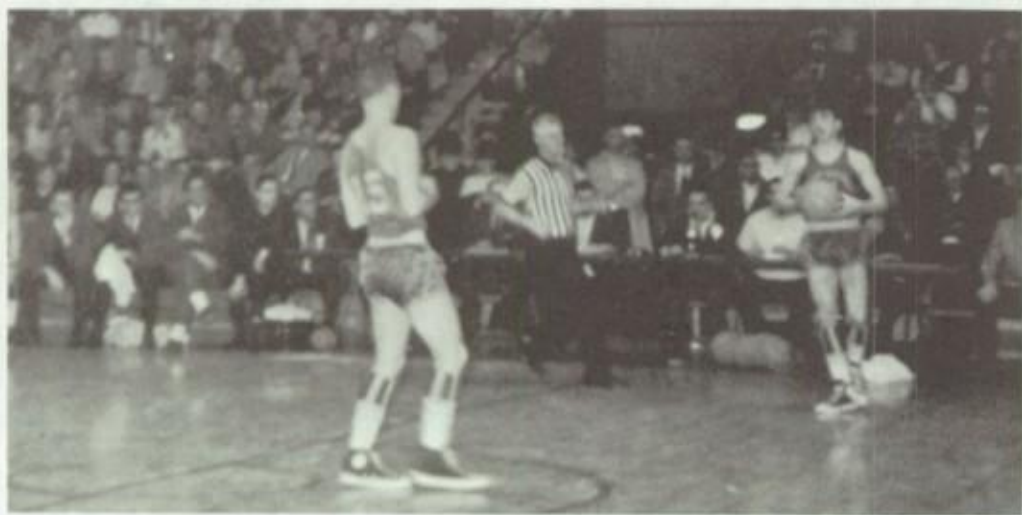

Sporting a purple visiting team uniform, Bill Adams attempts a shot with two points written all over it.

Tim Sigrist seems to be biting his nails and worrying if Tim Muri's shot will swish the cords.

As our Marauders hustle up court, a possible thought in their minds could be, "Who's got the ball?"

The Marauder's own dynamic duo, Pat Shute and Bill Adams, give a frenzied crowd a display of their brand of teamwork.

In order to check the long-stretch activities of Altoona's Pat Nicodemus, Bishop Guilfoyle found teamwork the only answer.

Unnerved by Fred Hatfield's taunting, Pat Shute dribbles the ball in with an air of confidence.

Continuing a fine performance in a nip-and-tuck game, Pat Shute gets off a beautiful jump shot.

H i s t o r y I s M a d e

On the night of February 7th, 1967, a standing-room-only crowd filled the Jaffa Mosque to observe an historic event in the sports field. This event was the first meeting ever of Altoona's two high school basketball teams, Bishop Guilfoyle and Altoona. In a game that had the spectators sitting on the edge of their seats, both sides turned in a sparkling performance. Even though it was a heartbreaking defeat for our school, the whole student body is still proud of the fighting Marauders and their sportsmanship.

A Unique Spark

Preceding the B.G.H.S. Band at every football game was a drill team par excellence who demonstrated that purple and gold can be very lively colors if worn by a lively group such as the Marauderettes. **Kneeling:** Cindy Robinson, Barbara Naperkoski, Patty Wood, Sherry Smith, Linda Peretta, Gale Himmelein, captain; Mary Lou Strohm, Mary Jo Fideli. **Standing:** Patty Martin, Barbara Smith, Mona Lee Evangelista, Linda Harber, Mary Jo Carney, Cathy Bennetti, Ellen Rentz.

Bowling

One of the many extra-curricular activities at Bishop Guilfoyle is the bowling league. The league is open to students of both buildings and meets every Monday afternoon at the Pleasant Valley Recreation Center. The B.G.H.S. bowling league is quite popular and also very well versed at rolling out strikes and spares. The teams are constantly competing with each other for top honors and this brings out the spirit of sportsmanship among the rollers. As evidenced from these pictures, there can be no doubt that the bowling bug has bitten some of our students.

"Better check my score again . . . that last one was a strike!"

Chuck Strobert shows how hard he works for every point.

Debbie Myers' confident form is displayed in this approach to the foul line.

Always a help to the bowlers, Marge Russell aids Paulette Krish in her quest for a strike.

Yorgy, D. Adams. Fourth row: D. Runk, T. Hofer, J. McConnell, J. Croft, R. Pulcino, J. Landolfi, J. Muller.

The initiation of two new clubs within the sports realm added an extra touch to Bishop Guilfoyle High School this past year. These two new additions were the Lettermen's Club and the baseball team. The Lettermen's Club includes all the athletes of football and basketball. The Lettermen paved the way for the

baseball team, a welcome sight for sports fans. Competition for the baseball team included Bishop McCort and other schools. The class of 1967 extends its best wishes for continued prosperity and success to the Lettermen's Club and the B.G.H.S. baseball team.

Baseball Team

These hopeful aspirants for the Bishop Guilfoyle Baseball Nine have familiar faces to all of us . . . but wait . . . do we detect the potential of another Mickey Mantle in the first row? Or do we sense the power of a Roberto Clemente in the second row? We may even have another Babe Ruth somewhere in the group!

Lunchtime Athletes

A lunchtime layup.

Bishop Guilfoyle High School not only has basketball players who win a Diocesan Championship, but also athletes who make the most of their lunch periods and digest their food by playing a fast and furious game of half-court hoop-shooting. During the two lunch periods they are able to release some of their exuberant energy.

Did Steve Knepper's foot contact with Mike Stoltz's chin?

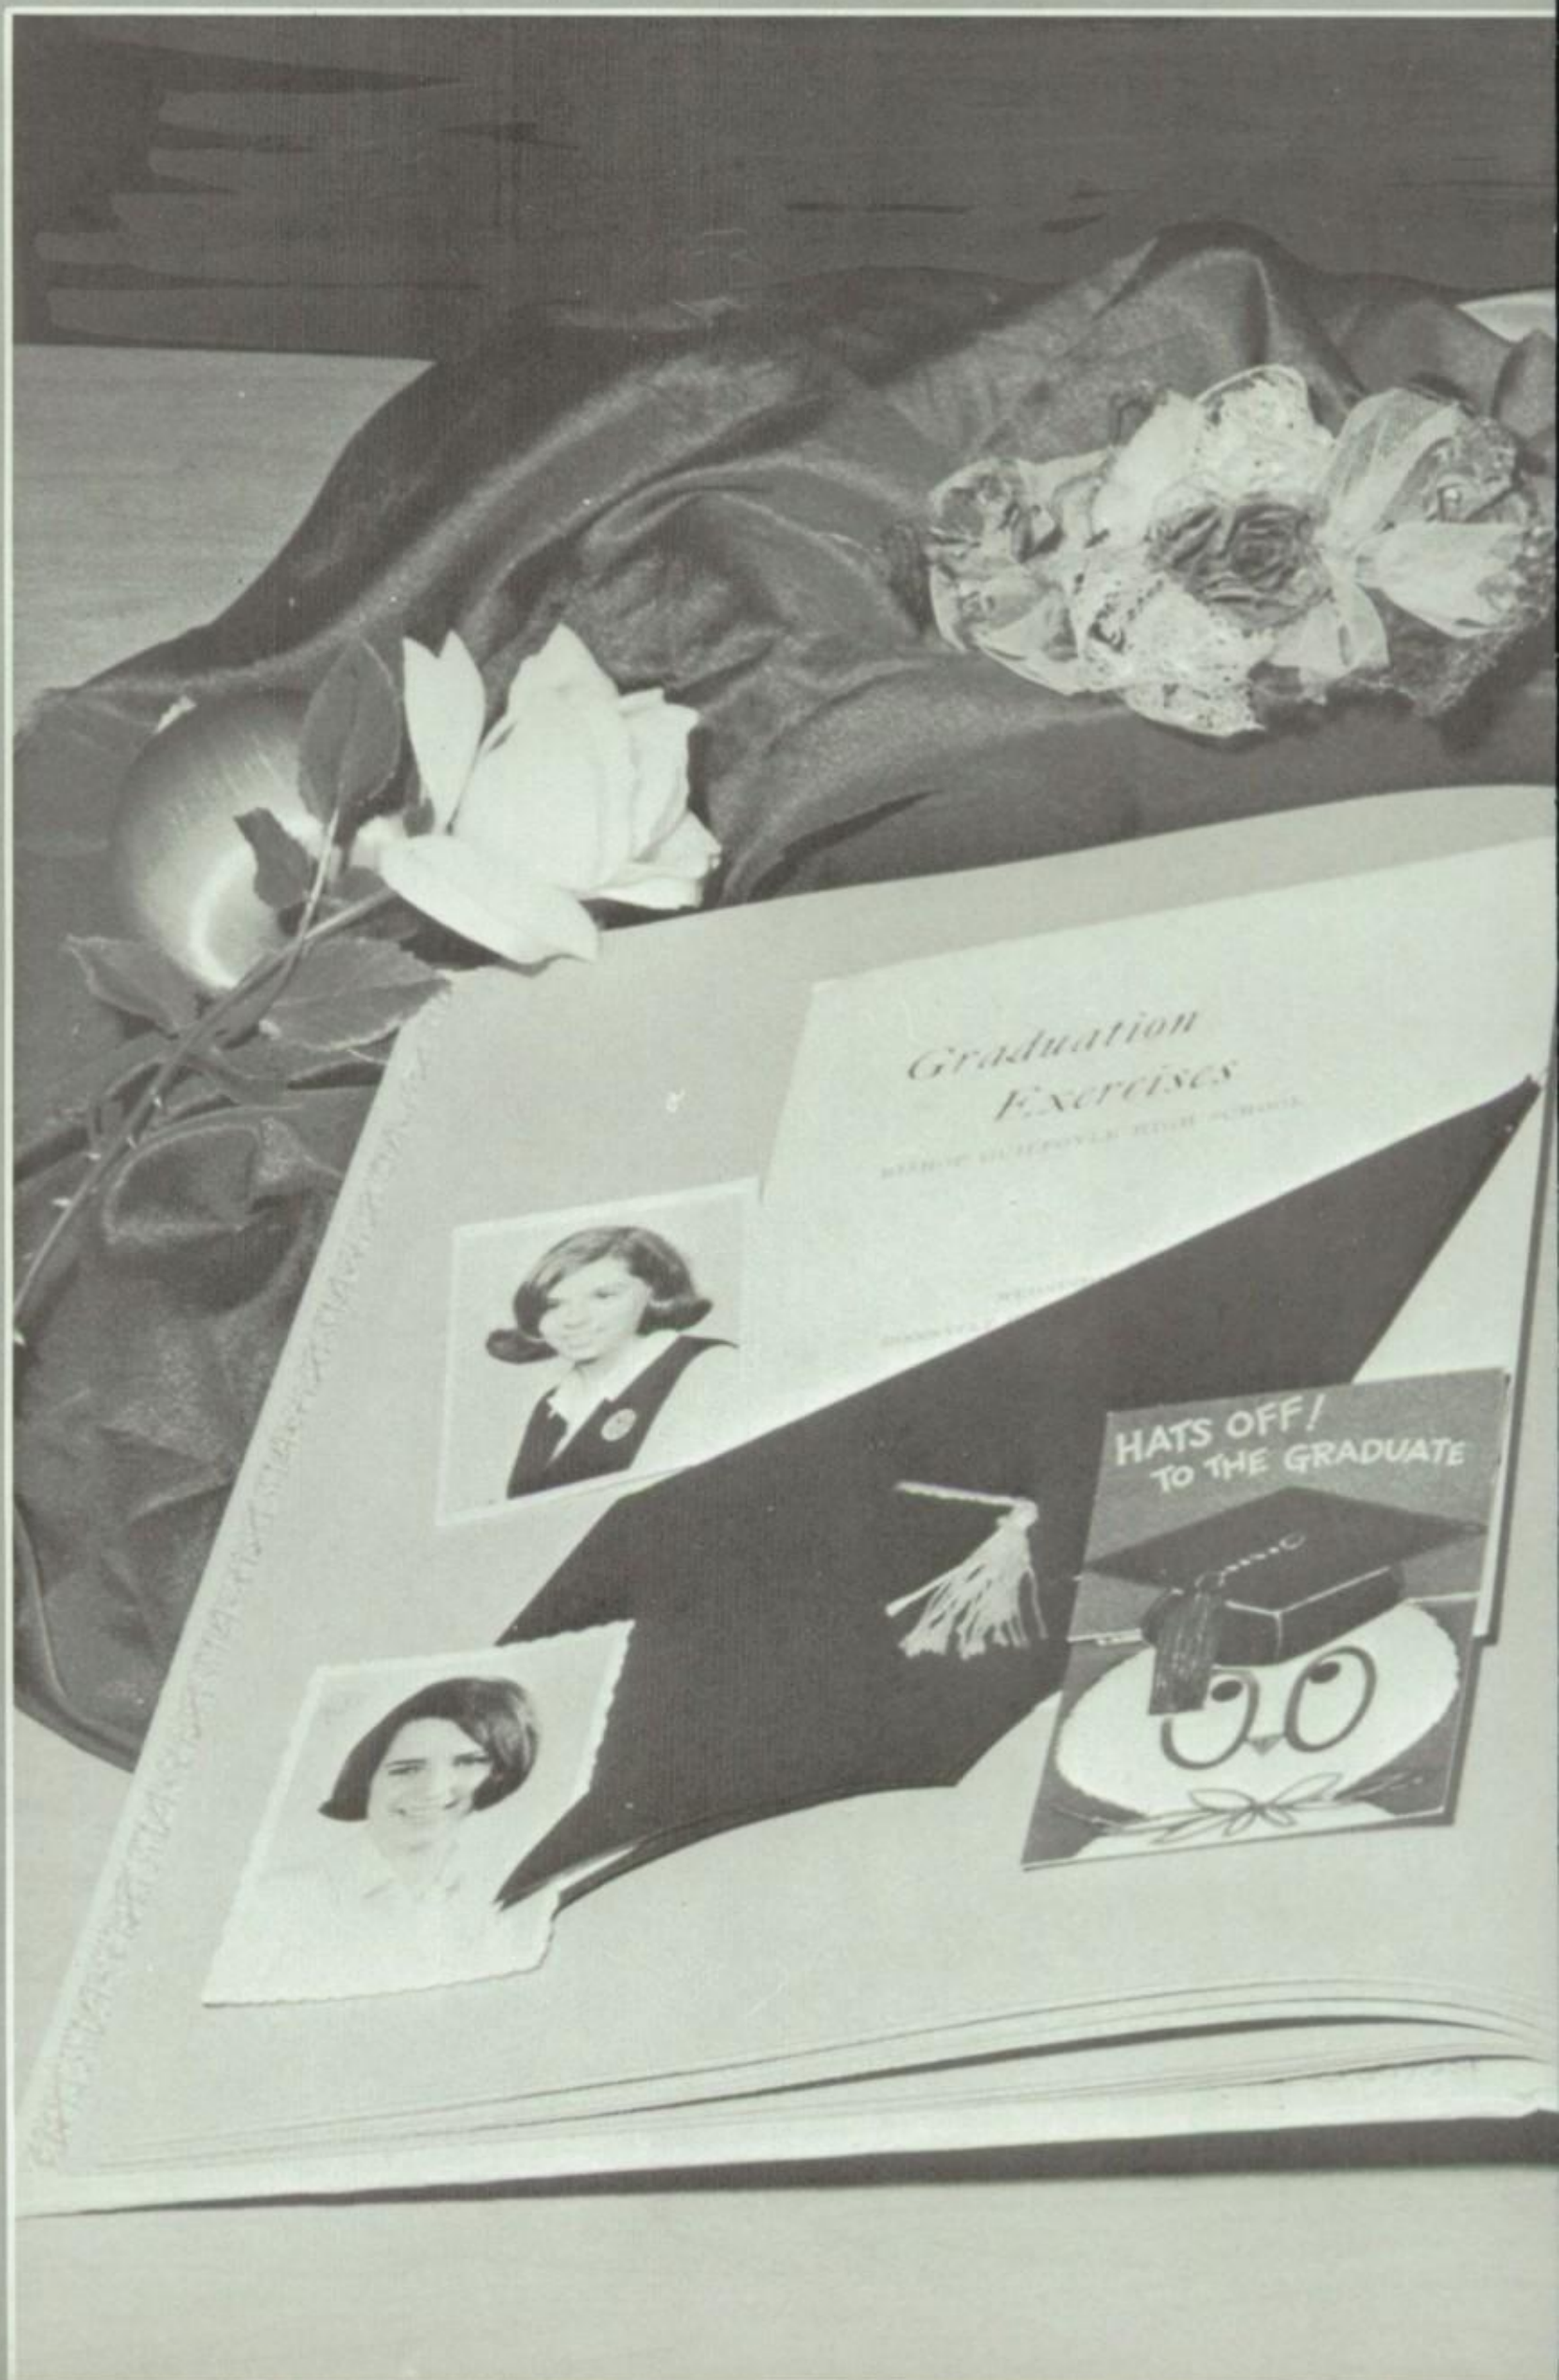

Do we detect a snarl in the proceedings?

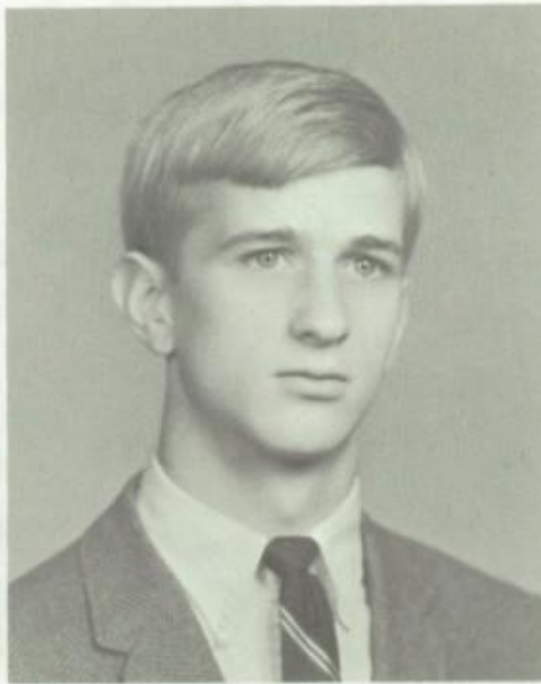

Oof! Pete Roscia versus the Headless Hoopster!
